Delivery & Plant. Minimum	Free	\$20	\$40

Planting charges are based on the planting site being in open bare ground accessible with handcarts and in soil relatively free of rocks, roots or other impediments. We do not do bed preparation such as grading, edging, weed barrier or mulching. We do not do tree removal. The planting foreman may determine an up charge based on time (@\$30/man-hour) and materials, which can include rental charges for equipment. These charges are caused by such conditions as:

- **Difficult access to the planting site caused by steep slopes, rough terrain, or other physical barriers.**
- **Difficult digging conditions caused by rocks, roots, or other impediments in the soil.**
- **Planting through existing mulch or weed barrier.**
- **Other conditions requiring extra time and/or labor.**

There will be a \$20 minimum up-charge for plantings in an area where a stump has been ground out.
