#### How do I earn points?

For every \$25 spent on full-priced (non-discounted) items, one point is awarded. (A purchase of \$76.50 earns 3 points.)

#### How do I redeem points?

As soon as you have accumulated 10 or more points, you may redeem them on any future purchase of \$5 or more. (Each point is redeemable for \$0.50).

#### How do I know how many points I have?

Every time you make a purchase, your receipt will list the number of points available for your next visit. Also, you can ask the cashier for your total available points.
